**FIRST AMENDED
COMPLAINT**

Defendants.

1 **PLAINTIFFS** Cess Navarro Olmo and Ronnie Pascual Ferreras allege:

2

3 1. That this court has jurisdiction over the subject matter of this action pursuant to the
4 diversity jurisdiction of this court, 28 USC Section 1332, as this is a civil action between citizens
5 of a state and citizens of a foreign state and the amount in controversy exceeds the sum of
6 \$75,000.00 exclusive of interest and costs.

7 2. Plaintiffs are citizens and residents of the Republic of the Philippines.

8 3. Defendants and their places of incorporation are listed in Exhibit A attached
9 hereto.

10 To the best of plaintiffs' information and belief, the Defendants are authorized to do
11 business in their state of incorporation and, their principal place of business is the state where
12 their headquarters are located.

13 4. Venue is proper in the Court under 28 U.S. C. Section 1391(a) (2) as a substantial
14 part of the events giving rise to the claims occurred on Guam.

15 5. This Court has personal jurisdiction over the Defendants under applicable law
16 because they have had "minimum contacts" with the territory of Guam through their transacting
17 business within the territory.

18 6. Defendants are engaged in the business of manufacturing, and distributing asbestos
19 and products containing asbestos.

20 7. Plaintiff is informed and believes, and upon such information and belief, alleges
21 that all times and places mentioned herein, each of the Defendants was the agent or co-
22 conspirator of each of the remaining Defendants, and was at all times and places mentioned
23 herein acting within the purpose and scope of said agency or conspiracy.

24 8. About and during the period of time between 1925 and 1981, Defendants
25 manufactured, sold, and supplied certain generically similar asbestos products which were
26 ultimately used on United States Navy vessels and on naval bases and installations, including
27 those located in and around the Pacific and other locations, including Pearl Harbor Naval

1 shipyard, Guam Naval shipyard, Subic Bay Naval shipyard, in the general overhaul, building,
2 refitting, and maintenance of ships and which products were ultimately used by those serving
3 and/or working in the U.S. Navy and/or to which they came into contact.

4 9. Plaintiffs were employed by the United States Navy about or during 1966 to 1992
5 and worked on various Navy vessels, bases and installations including those located in and
6 around the Pacific and other locations including Pearl Harbor Shipyard and Subic Bay shipyard,
7 and, worked on board said ships going to and from the Philippines and Guam where the asbestos
8 products were repeatedly used. Among the duties assigned to Plaintiffs was the removal and
9 replacement of certain piping and/or insulation in the ships. The piping and/or insulation material
10 contained asbestos or was an asbestos product supplied to the Navy by some or all of the
11 Defendants.

12 10. During the aforementioned employment, Plaintiffs were frequently, regularly, and
13 closely exposed to great quantities of asbestos, asbestos dust and asbestos fibers and on these and
14 other occasions, Plaintiffs inhaled asbestos dust and fibers from said asbestos products. As a
15 direct and proximate result of said exposures and inhalation, Plaintiffs developed malignant
16 mesothelioma, cancer, and/or other asbestos-related diseases and injuries to their lungs, chest
17 cavity, cardiovascular system and other parts of their body which were not discovered and/or
18 were disguised until about 2005.

19 11. Plaintiffs are workers who for a substantial length of time have closely used,
20 handled, or otherwise been exposed to the asbestos and asbestos products referred to in Paragraph
21 9 and 10 above, in a manner that was reasonably foreseeable.

22 12. Plaintiff is informed and believes that asbestosis is a progressive lung disease
23 caused by inhalation of asbestos fibers without perceptible trauma, and that asbestosis results
24 from exposure to asbestos and asbestos products over a period of time.

25 13. Plaintiff is informed and believes that malignant mesothelioma refers to the growth
26 of a malignant tumor of the cells lining the various organs in the body-specifically in the chest
27 (pleura), abdomen (peritoneum), and around the heart (pericardium). Affected cells rapidly grow

1 and can eventually surround and destroy a functioning organ. Mesothelioma is caused by
2 exposure to asbestos fibers that essentially imbed themselves within the layers of the lung.

3 14. Defendants had a duty to plaintiffs to fully and adequately test their products, to
4 properly design their products, to discover the defects in their products, to warn users or
5 consumers of the dangers involved in using or handling their products, and to give adequate
6 instructions for the use of their products and Defendants breached their duty to Plaintiffs.

First Cause of Action:

Negligence

9 15. At all times and places herein mentioned, Defendants and each of them negligently
10 tested or failed to test, manufactured, designed, developed, selected materials, assembled,
11 inspected, distributed, labeled, advertised, and sold asbestos and products containing asbestos,
12 and failed to give adequate warnings about the known or knowable dangerous nature of asbestos,
13 even though that substance was capable of causing and did, in fact, proximately cause personal
14 injuries to users, consumers, workers, and others, while being used in a reasonably foreseeable
15 manner, rendering those products defective and unsafe and unfit for use by the consumers, users,
16 bystanders, or workers in the way such products are customarily treated, used, and employed, and
17 also negligently failed to discover said defects and find or use a safe substitute insulating
18 material

19 16. As a direct and proximate result of the conduct of Defendants as stated above,
20 Plaintiffs are dying, in great pain of mind and body, suffering, and continue to suffer permanent
21 injuries to their person, body, and health, including but not limited to mesothelioma, asbestosis,
22 cancer, all to their general damage in a sum to be determined at trial.

23 17. As a direct and proximate result of the conduct of the defendants, Plaintiffs have
24 incurred, are presently incurring and will incur in the future, liability for physicians, surgeons,
25 nurses, hospital care, medicine, x-rays, and other medical treatment, the exact amount being
26 unknown to Plaintiffs at this time. Plaintiffs request permission to amend this complaint
27 accordingly when the exact cost of medical treatment is ascertained.

18. As a further direct and proximate result of the conduct of Defendants, Plaintiffs have incurred and will incur, loss of income, wages, a diminishment of earning potential, and other pecuniary losses, and loss of consortium, the full nature and extent of all of which are not yet known to Plaintiffs and Plaintiffs must endure pain and suffering as well. Permission is requested to amend this complaint to conform to proof at the time of trial.

Second Cause of Action:

Strict Liability

19. Plaintiffs reallege and incorporate herein by reference, paragraphs 1 through 14 of the First Cause of Action.

20. That at all times and places mentioned herein, Defendants, and each of them, were engaged in the business of designing, manufacturing, assembling, maintaining for sale, testing, inspecting, marketing, distributing, recommending and selling, leasing, renting, and supplying asbestos and asbestos products.

21. That about the period of time between the years 1925 through 1981 and at other times mentioned herein, the above-described asbestos and asbestos products were in substantially the same condition as at the time of design, manufacture, assembling, testing, inspection, marketing, distribution and sale. Thus, the asbestos product was intended to and did reach the workers such as the Plaintiffs herein without substantial change in the condition in which it was sold.

22. Products made of asbestos are defective, in that the substance was capable of causing and did, in fact, cause personal injuries, including asbestosis, mesothelioma, cancer an/or other lung damage, and cancer, to the users and consumers of it, while being used in a reasonably foreseeable manner, rendering it unsafe and unreasonably dangerous for use by consumers, users, and workers exposed to it.

23. Alternatively, under a failure to warn claim, at all times and places mentioned herein, said asbestos products failed to meet consumer expectations of safety, were unreasonably dangerous and in a defective condition as to design and marketing, and Defendants failed to warn

1 or give adequate warning calculated to reach the ultimate users or consumers of the dangers of
2 asbestos products, all of which directly and proximately resulted in the injuries and damages
3 sustained by Plaintiffs

4 24. As a direct and proximate result of the conduct of Defendants as stated above,
5 Plaintiffs have suffered the injuries and damages previously alleged.

6 25. By reason of the foregoing, Defendants and each of them, are strictly liable to
7 Plaintiffs.

8 **Third Cause of Action:**

9 **Warranty of Merchantability**

10 26. Plaintiffs reallege and incorporate herein by reference, paragraphs 1 through 14 of
11 the First Cause of Action.

12 27. That at all times and places mentioned herein Defendants, and each of them, at the
13 time of design, manufacture, and sale of said asbestos products expressly and impliedly warranted
14 that said asbestos products as hereinabove described were of a merchantable quality, properly
15 designed, manufactured, and reasonably fit and suitable for ordinary use in the ship construction,
16 overhaul, repair, and refitting on U.S. Navy vessels, bases, and installations, including Pearl
17 Harbor shipyard, Subic Bay shipyard and other Pacific locations.

18 28. At all times and places mentioned herein, Defendants, and each of them, breached
19 said warranty, in that, among other things, said asbestos products were not of merchantable
20 quality nor properly designed, manufactured, fabricated, assembled, supplied, marketed, sold and
21 were distributed in such a dangerous and defective condition that said asbestos products were
22 reasonably likely to harm, and further said asbestos products could not safely be used by a person
23 exercising ordinary and reasonably care.

24 29. As a direct and proximate result of these breaches of expressed and implied
25 warranties, Plaintiffs suffered injury, disease, and damage as herein set forth.

Fourth Cause of Action:

Market Share Liability

30. Plaintiffs reallege and incorporate herein by reference, paragraphs 1 through 14 of the First Cause of Action.

31. As a direct and proximate result of the Defendants manufacturing asbestos products such as insulation materials utilizing asbestos and placing them in the stream of interstate commerce, Plaintiffs have been injured as described herein.

32. Plaintiffs through no fault of their own, may not be able to identify any or all asbestos products which caused the injuries stated herein.

33. Plaintiffs have joined as Defendants manufacturers representing a substantial share of this products market.

34. Defendants are better able to discover and guard against product defects and to warn of harmful effects.

35. As a direct and proximate result of Defendants' conduct as stated above, Plaintiffs have suffered the injuries and damages previously alleged.

36. Each Defendant manufacturer is liable for Plaintiffs' injuries in proportion to that Defendant manufacturer's share of the asbestos materials market.

Fifth Cause of Action:

Enterprise Liability

37. Plaintiffs reallege and incorporate herein by reference, paragraphs 1 through 14 of the First Cause of Action.

38. As a direct and proximate result of the Defendants manufacturing asbestos material and placing them in the stream of interstate commerce and selling them to the U.S. Navy and/or its contractors and their subsequent use on Navy vessels, bases, and installations, and in shipyards and on ships, and so that the asbestos materials came into use by the Plaintiffs and to which Plaintiffs came into contact, Plaintiffs have been injured as described herein.

39. There is a high probability that the injuries stated herein were caused by the tortious behavior of some, one, or all of the Defendants.

40. Defendants concertedly adhered to a dangerous, industry-wide safety standard in their manufacture of the asbestos products. Defendants had a joint awareness of the risks at issue and a joint capacity to reduce or affect those risks.

41. Each Defendant manufacturer is liable to Plaintiff for all injuries and damages stated herein by mixture of industry-wide or enterprise liability.

Sixth Cause of Action:

Unfit for Intended Use

42. Paragraphs 1 through 14 are realleged and incorporated herein by reference.

43. At all times and places mentioned herein, Defendants, and each of them, so designed manufactured, selected materials, assembled, inspected, tested, maintained for sale, marketed, distributed, leased, sold, rented, recommended, and/or delivered the hereinabove described asbestos products so as to know said asbestos products to be in a defective and unsafe condition, and unfit for use in the way or manner such products are normally used and intentionally caused the injuries hereinabove described to Plaintiffs in their capacities as employees of the U.S. Navy.

Seventh Cause of Action:

Negligent Misrepresentation

44. Paragraph 1 through 14 are realleged and in and incorporated herein by reference.

45. Beginning in the late 1920's, based on information and belief conspirators Metropolitan Life Insurance Company (hereinafter sometimes referred to as "Metropolitan"), Johns-Manville, Raybestos-Manhattan and others such as Defendants herein undertook a duty to conduct research on asbestos-related health problems and to inform the consuming public about any health risks that could be associated therewith. In approximately 1929, Metropolitan, through its agents and employees acting within the scope of their agency and employment, including but not limited to Dr. Anthony J. Lanza (hereinafter sometimes referred to as "Lanza"), began an

1 investigation of asbestos-related health hazards. In 1935, this study was altered by Lanza, with
2 the full knowledge of Metropolitan, at the request of and in concert with the asbestos industry in
3 order to wrongly influence the United States Public Health Service, the United States medical
4 community and various state legislatures.

5 46. Thereafter, Metropolitan through the acts and omissions of its employees, most
6 notably Dr. Lanza, undertook a series of activities with various members of the asbestos
7 industry including but not limited to Johns-Manville, Raybestos-Manhattan, United States
8 Gypsum, American Brake Blok, and others to suppress and misrepresent the dangers of exposure
9 to asbestos dust to employees of Metropolitan's insureds and the general public and the medical
10 community.

11 47. The conspirators through their agent, Dr. Lanza of Metropolitan, made a concerted
12 effort to discredit and to terminate the studies and experiments of certain scientists who were
13 developing data of profound importance for the area of public health in relation to cancer hazard
14 which existed for workers and bystanders in the asbestos industry.

15 48. As a direct and proximate result of Metropolitan's intentional publication of
16 deceptive and misleading medical data and information, and other conspiratorial acts and
17 omissions, Defendants caused asbestos to be used in the occupational settings where Plaintiffs
18 worked and subsequently breathed asbestos dust which resulted in Plaintiffs' injuries.
19 Metropolitan Life, through its agents and employees and officers, aided and abetted and gave
20 substantial assistance to Johns-Manville and Raybestos-Manhattan in their tortious selling of
21 asbestos products and voluntarily undertook a duty to warn the U.S. Navy, the U.S. Public Health
22 Service, the medical community, and others about the danger of asbestos and consciously and
23 negligently misrepresented the dangers of asbestos to the U.S. Navy, the U.S. Public Health
24 Service, the medical community, and others, all to the ultimate harm of Plaintiffs herein. As a
25 result of such conduct, Plaintiffs have suffered injuries and damages as further alleged herein.

Eight Cause of Action:

Punitive Damages

49. Paragraphs 1 through 14 are realleged and incorporated herein by reference.

50. Plaintiffs and others were employed by the United States Navy and were working in close proximity to the asbestos piping, and asbestos-related insulation materials of Defendants, and the presence of Plaintiffs as well as others in their position, was known, or, in the exercise of reasonable care, should have been anticipated by the Defendants, and each of them.

8 51. The Defendants, and each of them, have been possessed since 1929 of medical and
9 scientific data which clearly indicates that the products, asbestos and asbestos-related insulation
10 products, were hazardous to the health and safety of Plaintiffs and others in their position, and
11 prompted by pecuniary motives, the Defendants, and each of them, individually and collectively,
12 ignored and failed to act upon said medical and scientific data and conspired to deprive the
13 public, and particularly the users, of said medical and scientific data, depriving them, therefore, of
14 the opportunity of free choice as to whether or not to expose themselves to the asbestos products
15 of said Defendants. As a result, the Plaintiffs have been severely damaged as is set forth below.

16 52. At all times and places mentioned herein, Defendants, and each of them,
17 negligently designed, manufactured, selected materials, assembled, inspected, tested, maintained
18 for sale, marketed, distributed, leased, sold, rented, recommended and delivered the hereinabove
19 described asbestos products so as to cause said asbestos products to be in a defective and unsafe
20 condition, and unfit for use in the way and manner such equipment is customarily treated, used,
21 and employed, in a manner as to amount to malicious, fraudulent and/or oppressive disregard for
22 the safety, health, welfare, and feelings of Plaintiffs, and for that reason, Plaintiffs claim punitive
23 damages against each Defendant, in the amount to be shown at trial.

WHEREFORE, Plaintiff requests judgment against Defendants for:

1. General damages as are proven at the time of trial;
2. Special damages as are proven at the time of trial;
3. Punitive damages as are proven at the time of trial;

1 4. For costs incurred herein; and
2 5. For such other and further relief as may be deemed just and equitable in the
3 premises, including, but not limited to, prejudgment interest.

4

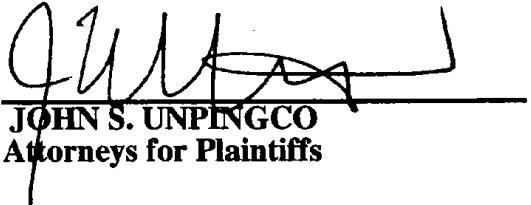

5 **DEMAND FOR TRIAL BY JURY**

6 Plaintiffs demand a jury trial on all issues so triable.

7 Dated this 16th day of August, 2005.
